CMSP Letter 89-7

TO: CMSP County Welfare Directors

SUBJECT: Revised CMSP 237 (12/89) Form

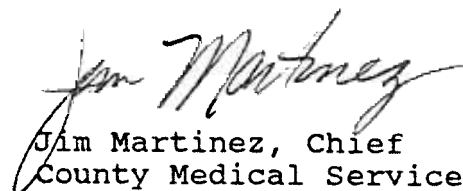

This letter transmits a camera ready copy of the revised Caseload Movement and Activity Report (CMSP 237, dated 12/89). The form was changed in order to track workload units and associated administrative costs from the redefined CMSP Aid Code 50. In CMSP Letter 89-5 (November 30, 1989) you were notified of several changes to the County Medical Services Program (CMSP) which included the redefinition of CMSP Aid Code 50 from CMSP full scope of benefits - "CMSP IRCA" to emergency services only - "CMSP UNDOS."

Effective with January 1990 activity county personnel should report data only on this revised CMSP 237. Data for all CMSP aid codes (including Aid Code 50) should be combined and reported normally in lines 1-12. Aid Code 50 only data should then be extracted from lines 7 and 10 and recorded in lines 13 and 14 respectively.

The county is responsible for the reproduction of an adequate supply of this form using the enclosed camera ready copy. The county's remaining supply of outdated forms (9/84 Revision) should be destroyed upon completion of December 1989 reporting.

Please contact Genny Fleming of the CMSP Unit at (916) 739-2501 if you have questions concerning this revision.

Sincerely,

Jim Martinez, Chief
County Medical Services Program
